Russia Holds Arms Meeting With Satellites

Re-Militarization Of Germany Protested; Molotov Attends

PRAGUE, Czechoslovakia, Oct. 21—(AP)—Following her sharp warning that she would not tolerate re-militarization of Western Germany, Russia met with her European allies today to discuss that explosive subject.

The meeting was called by the Soviet Union, which sent Deputy Prime Minister V. M. Molotov as its spokesman. Molotov is a former Soviet foreign minister.

Moscow radio and the official Czechoslovakia news agency reported the seven-nation meeting started yesterday. Deputy Prime Minister Zdenek Fierlinger, representing Czechoslovakia, opened the conference and was elected chairman.

Molotov flew in from Moscow by special plane. Other foreign delegates had already arrived and met him at Prague's flag-decorated Ruzyně airport.

Discuss "Big 3" Decision

They were foreign ministers Mincho Neychev of Bulgaria; Zygmunt Modzelewski of Poland; Gyula Kallai of Hungary; Ana Pauker of Romania; George Dertinger of Eastern Germany and V. Natanajli, Albanian minister to Moscow.

An official announcement in Prague said the ministers would "discuss questions which arose in connection with the decision of the New York conference of the three powers—France, Britain and the United States—Sept. 19 which discussed the remilitarization of Germany."

Only a few hours before the Prague conference, Russia made public the contents of identical notes sent to the United States, France and Britain, charging that the western nations were reviving German military might in their zones.

The note rejected a western charge that the people's police of Communist-ruled East Germany actually is a military organization, and warned the Soviet union would not tolerate revival of "The German regular army in West Germany."

In Washington, Secretary of State Dean Acheson told a news conference yesterday the United States will reject the Russian protest. He insisted creation of legitimate police forces in western Germany does not represent a back-door attempt to restore the German army.

The United States is favoring re-armament of Western Germany as part of the European defense framework. Britain accepted the idea, but wants the other North Atlantic pact nations to rearm first. France alone among the major western powers has held out against the proposal.

West German Chancellor Konrad Adenauer last night called on his people to assume their share of Western Europe's defense burden, but he ruled out re-militarization.

\$146,000,000 Asked For Korean Relief

WASHINGTON, Oct. 21—(AP)—Gen. Douglas MacArthur has put the cost of Korean civilian relief at \$146,500,000 for the remainder of the fiscal year ending next June 30.

His estimate was received yesterday by the Army Department, which has taken over from the Economic Cooperation Administration (ECA) the relief job in war-damaged South Korea.

MacArthur said 610,000 tons of food, 220,000 tons of industrial material and equipment, and 16,000 tons of medical supplies will be needed.

ECA, the Marshall plan agency, had authorized \$21,767,688 for Korean relief and rehabilitation as of Sept. 15.

Cadiz Asks Return Of Only Full-Time Doctor

CADIZ, Oct. 21—(AP)—Petitions are being circulated in this town of 3,000 seeking to release from the army of its only full-time physician.

Dr. Donald Tippet, an army reservist, was called to active duty recently. The petitions asking his release will be sent to Rep. Wayne L. Hays (D-Ohio).

Cadiz still has three doctors, but the hours of practice of two are limited because of age and the third is ill.

Henry Stimson, Statesman, Dies

Was Cabinet Member Under 4 Presidents

COLD SPRINGS HARBOR, N. Y., Oct. 21—(AP)—Henry L. Stimson, the first American to hold cabinet office under four presidents, died yesterday of a sudden heart attack. He was 83.

Stimson was secretary of war under presidents William Howard Taft, Franklin D. Roosevelt and Harry Truman, and was Herbert Hoover's only secretary of state.

Three months ago Stimson fell and broke his hip, but was making a good recovery and getting about with wheelchair and crutches. Yesterday afternoon he and Mrs. Stimson set out on a drive around the estate. He was stricken in the car, was taken home immediately, and died a few minutes later.

Stimson was the first leading statesman in any western country to demand a tough crackdown on the aggressors of the 1930s. His policy failed at the time, but as America's secretary of war from Pearl Harbor to Hiroshima, he directed the army and air force that helped redeem it.

While Stimson's four years as secretary of state, 1929 to 1933, were distinguished, military men and historians have ranked him with Lincoln's Edwin M. Stanton as one of the two greatest secretaries of war in American history.

His association with the War Department was unique.

He was first called to the office in 1911 by President Taft. At that time the American army had only 75,000 men and had just taken over the German general staff system that had been adopted by every big army in the world.

He left the post in 1913 and did not take it up again until 1940—27 years later—when Franklin D. Roosevelt called him back to duty on the eve of World War II at the age of 73.

A life-long Republican, Stimson was asked to serve in a move to gain bi-partisan support in the war emergency. As a result of his acceptance, he was read out of the Republican party.

When he left the office for the last time in September, 1945, he had directed the mobilization and use of an 8,000,000-man army that fought in every part of the world and had won praise from defeated German generals for its combat efficiency.

Tall, austere and described as "a New England conscience on legs," Stimson was a Wall Street lawyer whose private practice was continually interrupted by public duty.

Mt. Union Dedicates New \$600,000 Library

ALLIANCE, Oct. 21—"This building should be dedicated to the enriching of minds and the disciplining of lives," asserted Bishop Hazen G. Werner of the Ohio Methodist church at dedication ceremonies this morning for Mount Union college's new \$600,000 library.

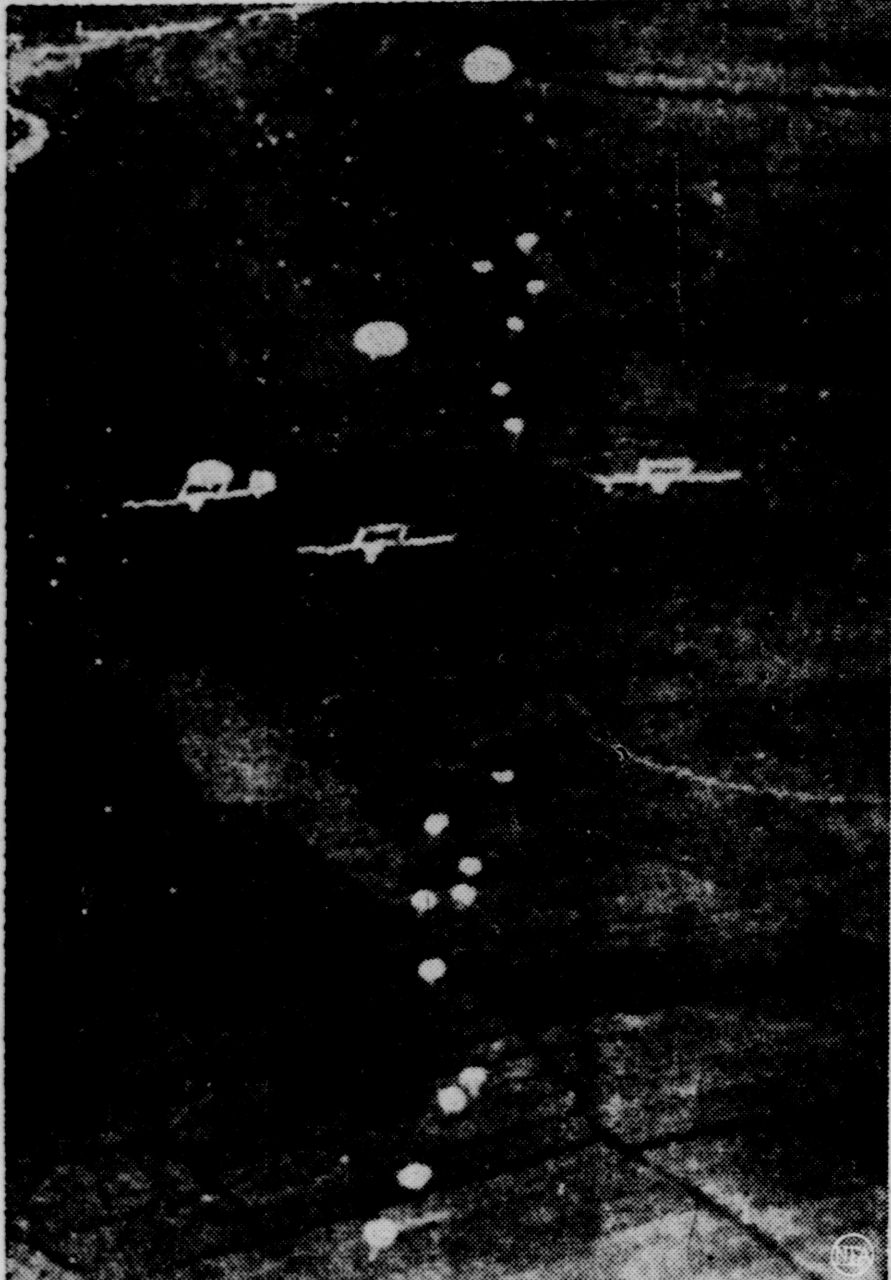

"Books rule the world but education must provide the method of tying up the mind with the deed," he said.

"The neglect of reading is sacrilege," the bishop stated in marking the advantages of a library.

"College training and study should be creative of the discipline life, and there is no greater need in American than the need for disciplined and accountable living."

Words were also spoken by Librarian Robert E. Stauffer for the library staff, Dr. George L. King, president of the board of trustees, for that group and for the alumni; President of the College Charles B. Ketcham, and President of the Student Senate John Hawkins for the students.

Tighter Economic Curbs Are Hinted By Steelman

WASHINGTON, Oct. 21—(AP)—Presidential Assistant John R. Steelman feels that still tighter curbs on installment buying may be imposed by the government to combat inflation.

Moreover, he told the Mt. Holyoke Alumnae Association last night, that other types of controls "may become necessary."

Steelman's hint at new restrictions came at the end of a day during which:

1. The National Production Authority (a) restricted rubber companies in their use of materials and (b) set aside for the defense program the entire production of stainless steel containing columbium.
2. The commerce department ordered a ban on all exports of molasses, a principal source of industrial alcohol.

The rubber order limits tire manufacturers and other users to 75 per cent of the amount of natural rubber they consumed in the year ended June 30. It sets consumption of all rubber, including synthetic, at 84 per cent of the base year's use.

Officials said this would give manufacturers about the same amount of rubber they were getting before the Korean war. They renewed assurances that no tire shortage is in sight.

The action on molasses fits into the rubber picture since alcohol is used in great quantities by the synthetic rubber plants which the government is pressing back into service.

The government has announced it will start buying alcohol from whiskey distillers in December.

Stainless steel containing columbium, a corrosion-resistant alloy, is used in the manufacture of jet aircraft engines, surgical instruments and chemical equipment.

Except for his reference to installment buying, Steelman made no specific mention of probable new control moves. But in broad terms he re-echoed the administration's warnings that the American people face a time of sacrifice "for years to come."

He checked this back to what he called Russia's postwar embarkment "upon a course designed to divide the nations of the world."

Steelman said the vast mobilization program to rearm America would mean that millions of new workers will be needed, and he added:

"Already in some areas there is a shortage of trained workers."

REDS TRAPPED—The escape routes leading to the Manchurian border from fallen Pyongyang were cut off by a 4,000-man parachute landing (parachute symbols) at Sukchon and Sukchon. Troops of the North Korean army, being driven from Pyongyang by the U. S. 1st Cavalry and ROK 1st and 7th Divisions with the British 27th Brigade, were trapped by paratroopers of the 11th Air-Borne Division's 187th Regiment about 85 miles south of the Manchurian border. On the east coast, the South Korean Capital Division took Hongwon, while new U. S. troops Corps headquarters were set up at Wonsan from where UN troops would operate north and west.

Two Polio Victims Share Same Room

Walter Wisler, Salem High varsity football tackle, "definitely has polio" his physician at Akron Children's hospital said Friday evening.

He was taken to Akron Friday with 14-year-old Jimmy Judge, son of Mr. and Mrs. Jerry Judge, of 352 E. Third st., who is also a polio victim.

The disease has settled in Wisler's knees and legs, it is reported.

The Judge boy entered the hospital last Tuesday and was reported to be "feeling good" last night. His neck, shoulders and thighs have been affected.

Other Salem players who were sick this week are "on the mend." All are expected back in school next week.

Mrs. Louise Abrams of East Liverpool, another polio victim, was taken to St. Elizabeth's hospital in Youngstown today. Her daughter, 10-year-old Anne Rae, was stricken with polio Aug. 10.

The Columbiana county chapter of the National Foundation for Infantile Paralysis announced that these recent cases bring the county total to 13, all of which have been reported since Aug. 1.

W. Wilson St. Home Broken Into Today

The home of Rudolph Bodendorfer of 908 W. Wilson st. was broken into sometime between 12:30 a. m. and 6:30 a. m. today, police reported today. Investigations thus far have indicated that nothing has been removed from the house.

Police said entrance was gained through a rear kitchen window in the house which was left open to dry the freshly painted frames. A screen was torn from the window to gain access to it.

City To Join In Freedom Drive

Bells To Ring On U. N. Day Tuesday

Salem will celebrate the Crusade for Freedom on United Nations Day Tuesday with the ringing of bells to join in with the World Freedom Bell which will be tolled in Berlin, Mayor Harry M. Vincent proclaimed today.

The actual ringing of the Freedom Bell in Berlin will start at exactly 12:03 p. m. Tuesday, Oct. 24, and will be broadcast over the national networks. At the same time bells throughout thousands of American communities will ring out.

Locally, the arrangements are being prepared by Louis Weirick and Wilbur Schurenberger under the auspices of the Junior Chamber of Commerce. Freedom scrolls have been placed in downtown stores, banks and theaters to obtain as many signatures as possible by local citizens. Girl scouts, under the direction of Mrs. Ruth Baughman, are directing attention to the scrolls.

Mayor Vincent's proclamation reads in part:

"I, Mayor Harry M. Vincent, do hereby ask that at exactly 12:03 p. m. on Tuesday, Oct. 24, all city departments, schools, churches, plants, organizations and individuals ring whatever bells are at their disposal for a period of five minutes, while the World Freedom Bell rings from Berlin."

"And I do further respectfully urge prayerful dedication on the part of all local citizens to the cause of world peace and freedom."

ROK Divisions 80 Miles From China Border

SEOUL, Korea, Oct. 21—(AP)—Allied troops rammed roadblocks tonight on all the main routes leading north to Manchuria from the fallen Red Korean capital of Pyongyang.

The war was in the mop-up phase. South Korean Sixth division troops and U. S. First division cavalrymen linked up with American paratroopers who jumped Friday in the Suncheon-Sukchon area 30 miles north of Pyongyang.

Suncheon fell Friday night. There was fighting in the Sukchon area. The situation in the city was not clear.

But General MacArthur's headquarters said the daring parachute troops of the 11th Airborne division had sealed off 28,000 Reds. This was nearly half of the estimated 63,000 enemy troops still at large.

With the fall of Pyongyang, the signal was given to South Koreans to drive for the Manchuria border.

Five ROK divisions were 80 to 85 miles from the politically touchy borders of Red China and nearby Soviet territory. Their drive was gaining momentum every hour.

Two ROK divisions, the Third and Capital, were rolling north near the east coast.

A United Nations First corps spokesman said the Capital infantrymen sliced 30 miles northeast of captured Hamhung Saturday. They were 85 miles from Manchuria and almost as close to Soviet Siberia.

More Doctors To Be Drafted

Army Makes Known Its Future Needs

WASHINGTON, Oct. 21—(AP)—The Army plans further calls on the selective service system for physicians, dentists and veterinarians.

It said today that the request already made to selective service for 922 physicians, 500 dentists and 100 veterinarians by January 15 represents only part of the army's total needs.

"Additional requests will be made later as necessary to meet our requirements," a spokesman said. "Current uncertainties preclude firm estimates being made more than a few months in advance."

Selective service is to meet the pending request from among 21-101 medical men who registered last Monday.

As soon as the medical draft law has produced enough doctors to meet current requirements, an army spokesman said reserve medical captains and lieutenants who have been called to active duty involuntarily and who have had previous military duty will be relieved progressively if they request it.

Last Monday's registration included medical men trained at government expense, or deferred from military service during training, who thereafter served more than 90 days but less than 21 months in the armed services or public health service.

Other groups of physicians, dentists and veterinarians are to be registered between now and next January, at a date yet to be fixed by selective service headquarters.

Headquarters said the Reds may be able to move some of the trapped 28,000 men over hill roads but that their heavy equipment was lost.

What little opposition the North Koreans tried to put up against the paratroopers was speedily overcome.

A MacArthur spokesman said there is still no evidence of an organized defense line north of the present battle zones nor of an "auxiliary" capital. Likewise, reports of pre-arranged assembly points for shattered North Korean units are becoming rare.

Resistance in Pyongyang, the captured Red capital, is flickering out, the intelligence officer said. American tanks have crossed the Taedong and are in the city. Small pockets of Reds and snipers peeked away at United Nations troops.

The intelligence officer said the two North Korean army corps headquarters organizations have been written off. He said the commanding generals are believed to have escaped. Local guerrilla bands apparently were operating on their own.

General MacArthur, who supervised the big parachute drop Friday, said he is confident the end of the fighting and triumph for United Nations forces is near at hand.

Our Churches

Friends To Hear
Noted EvangelistBaptists Will Hold
Rally On Wednesday

REV. Annie Laurie Greiner of Atlanta, Ga., ordained minister and approved evangelist of the Methodist church, will be the speaker for a series of revival services at the First Friends church which begins Sunday morning and continues through Nov. 4.

Rev. Greiner is widely known as an evangelist, having preached in most of the states in the Union. Making two missionary tours around the world, she has visited in the Holy Land, the Orient and some of the islands. Her ministry has been among 20 denominations in this country, besides missions in other parts of the world.

Leslie Burbick, talented vocalist, a student at Cleveland Bible college, will direct the music.

Dr. Goodwin Coming

Dr. R. D. Goodwin of New York City, secretary of public relations of the American Baptist Home Mission society, will be a guest of the Salem church Wednesday afternoon and evening.

This conference is being held in the interest of the Discipleship Days program of the denomination. It will mean a rallying of the whole church and Sunday school.

The afternoon session at 3:30 will be followed by a covered supper at 6:30.

The program will include a reproduction of a message by the president of the American Baptist convention, a sound film strip, "Discipleship Through Our Baptist World Mission," and a talk by Dr. Goodwin.

Methodist Mission

Beginning Sunday evening and continuing through next week, Rev. Richard C. Swogger, pastor of the Methodist church, will hold a preaching mission at his church.

Special music for Sunday night will include an anthem, "My God and I," by the choir under the direction of Thomas E. Crothers, director. Congregational singing will be led by Harold A. Zealley. Homer S. Taylor, organist, will give a 15-minute organ prelude beginning at 7:15.

On Monday evening Mrs. Dana Floding, Mrs. Carl Beecher and Mrs. Harold D. Smith will furnish a special selection. Mrs. Loren Early will be at the organ and Mrs. W. J. Hunston will be song leader.

For the other services of the week Mr. Taylor will be at the organ and Mr. Zealley will be song leader. A trio composed of Mrs. Walter Hanzlick, Mrs. Otis Rhodes, Jr., and Miss Dorothea

Dr. R. D. Goodwin

Knox will sing Tuesday evening. Mrs. R. C. Swogger and daughter, Patricia, will sing a duet at the Wednesday evening service.

Carl J. Beecher will be soloist Thursday evening, with a cello obligato by Mrs. Beecher. Friday James Cosgarea, Jr., will sing a solo.

Mrs. Swogger is a teacher in the Mahoning County Leadership Training school being held in Youngstown Trinity Methodist church Sunday, Monday and Tuesday. Mrs. Roy West is attending the sessions.

Winona Friends

Young people of the Winona Friends church are sponsoring a revival service this weekend at the church. Rev. Sherman Brantingham is pastor.

Stephen Kiplinger of Damascus, chalk artist, will speak tonight and draw a picture. There will be special music.

Rev. John Williams of Adrian, Mich., president of the Christian Endeavor Union of Ohio Yearly Meeting of Friends, will preach at 11 a. m. and 7:30 p. m. Sunday.

Board To Meet

The quarterly meeting of the general board of the Christian church will be held at 8 p. m. Tuesday.

The work of installing a new gas furnace in the rear portion

of the Christian church has been completed. The furnace is now in operation.

Boy Scout Leaders
Will Take Course

The training course for all Boy Scout leaders will be continued at the McKinley Scout reservation near Lisbon this weekend, starting at noon today with lunch.

Herbert F. Maturen, county forester, will instruct the group on selective cutting while poles are being collected for the construction of a signal tower.

There will be aluminum foil cooking, star study, demonstrations and some competition in camping skills. Motion pictures on scout hiking and camping will be shown.

Matthew H. Mawhinney, course director, Jay Hanna, course scoutmaster, and George Robertson, scoutcraft coach, will be in charge of the weekend camp.

Every camp site at the reservation is reserved for troops camping this weekend, including the newest facilities still being completed by the Columbiana Rotary club, a group of Adirondack lean-to's.

Confident Living

By DR. NORMAN VINCENT PEALE

Faith Is The Answer

THIS IS the story of a world-famous writer who discovered that faith is the answer to the tough problems of this life. He and his wife, Germans who didn't believe in Hitler, had slipped across the border and past the Nazi frontier guards.

Trying to get through Occupied France, they discovered that the Gestapo was on their trail. Capture meant a concentration camp for certain, and possibly death. Their only chance was to get across the border into Spain. From there they knew that friends could help them get into the United States.

Dr. Peale

Finally, after a trying time, they reached the Spanish border. Freedom lay just across the customs barrier. But the Spanish officials would not let the refugees into Spain. They pleaded, they begged, they cried, but all to no avail. They offered bribes, everything they had, but found no takers. They were forced to turn back into France.

There they found a place to stay for a while in a little town in the Pyrenees. There was a shrine, a famous one, there, and the man and his wife visited it on their first night in that town. The writer stood before it and prayed as best he could.

And what he said was, in effect, this: "I do not believe in you, and I must be honest and say so. But my danger is great, and in my extremity, on the chance that you might, after all, be real, I ask your help. See my wife and me safely across the barrier, and when I get to the United States I will write the story of this place for all the world to read."

The writer and his wife did get through to Spain and, eventually, to the United States. His promise was not forgotten and he wrote the story of that little town. People the world over have read his story and seen it on the motion picture screen. For that little border town was Lourdes, and the writer was the late Franz Werfel, and his book was "The Song of Bernadette."

This story of Werfel is not mine. It is told by my very good friend Fulton Oursler and I have taken it from his book, "Why I Know There Is A God," which has just been published. And Fulton Oursler writes that, before Werfel died, he told him that in the terror of his desperate plight, he had come to really know God and that, thereafter, he had never lost the sense of His presence.

Fulton's book is the story of how he found God and how he too learned that faith is the answer.

to the questions which perplex us all through our lives. He tells the story of Franz Werfel only to illustrate his own dilemma and how he solved it by asking for and receiving the gift of faith. "Why I Know There Is A God" may help you if you are puzzled and looking for answers.

I HAVE ALWAYS preached and written that faith is the answer and, when Dr. Smiley Blanton, my psychiatric associate in our church clinic, and I published our first book together, I was proud to be able to give it the title, "Faith Is the Answer." I have called this column by that same title because I want to affirm my belief that it is true.

It is easy to say you must have faith. But HOW can you have faith? How can you develop spiritual skill? How can you master the technique of using faith to find the answers you need?

The answer is a simple one. There are only two things you need to do. The first is the practice of simple habitual prayer and devotional meditation, and the second is the surrender of your life, your problems, your business or job, your loved ones, in an attitude of childlike trust, to the will of God.

A DAILY PROGRAM of prayer and meditation will put you in close touch with the Infinite; it will give you peace and relaxation beyond anything you have known before. Plan each day to set aside a little time, perhaps only five or ten minutes, for reading the Bible, praying or merely enjoying quiet meditation. This can lead you into real communion with God. It will cause faith to grow in you.

When you have achieved the peace that such a habitual program will bring you, you will find it easy and natural to place your trust in God's will. And when you have done this, what seem to be blind alleys will open into highways to success. You will find that amazing things begin to happen to you, things as amazing as the escape of Franz Werfel and his wife from the Nazis.

This week I have passed on two simple ideas inspired by Fulton Oursler's book. Try them and find out for yourself that FAITH IS THE ANSWER.

THE PARABLES -- 3

The Wicked Husbandmen

A certain householder planted a vineyard, hedged it, dugged a winepress, built a tower, and let it out to husbandmen, and went into a far country: And when the time of the fruit drew near, he sent his servants to the husbandmen, that they might receive the fruits of it.

And the husbandmen took his servants, and beat one, and killed another, and stoned another.

He sent other servants more than the first: and they did unto them likewise.

But last of all he sent his son, saying, They will reverence my son. But when the husbandmen saw the son, they said among themselves, This is the heir; come, let us kill him, and let us seize on his inheritance.

And they caught him, and cast him out of the vineyard, and slew him.

When the lord therefore of the vineyard cometh, what will he do unto those husbandmen?

They say unto him, He will miserably destroy those wicked

men, and will let out his vineyard unto other husbandmen, which shall render him the fruits in their seasons.

Jesus saith, Did ye never read in the scriptures, The stone which the builders rejected, the same is become the head of the corner: this is the Lord's doing, and that it is marvellous in our eyes?

Therefore say I, The kingdom of God shall be taken from you, and given to a nation bringing forth the fruits thereof. And whosoever shall fall on this stone shall be broken: but on whomsoever it shall fall, it will grind him to powder.

(From Matthew 21, 33-44)

Civil Defense Heads To Meet

Railway Crossing
Opened To Traffic

COLUMBIANA, Oct. 21—Mayor E. L. Calvin, Chief of Police R. G. Millen and George Seederly, chairman of civil defense for Columbiana, will attend an all-day meeting in Canton Wednesday, Nov. 1, to map defense plans for the Canton-Youngstown area. Prominent military men and rep-

representatives of the state police department will be present.

At a meeting of the local defense committee in city hall Thursday evening there was little that could be done without information, which will be available at the Canton meeting. There was informal discussion of possibilities. Willard Hetric was placed in charge of publicity.

THE NEW MAIN st crossing of the Pennsylvania Railroad was completed and opened for traffic ahead of schedule Thursday, due largely to favorable weather conditions. A force of 16 men was engaged 13 days in its reconstruction.

The track was re-balledast under the crossing and for some distance on either side, and new ties put in. Heavy oak timbers were placed along both sides of each of the four rails and 65 tons of black top covered the 5,600 square feet of surface several inches thick. The black top surface covers the crossing the full width of Main st, including sidewalk areas, and the width of the right of way, about 75 feet. The smooth surface permits motor vehicles to cross without a bump.

Columbiana Briefs:

Burchfield Exhibits Fantasy Painting

Charles E. Burchfield, formerly of Salem, entered a painting in the 38th annual Carnegie Institute International Exhibition of Paintings which opened to the public Friday and will continue through Dec. 21 in Pittsburgh.

Burchfield, a Salem High school graduate now residing in Cleveland and Gardenville, N. Y., submitted a water color fantasy entitled "Sun and Rocks." While a senior at the Cleveland Institute of Arts in 1918, he made original sketches at Bedford Glen, O.

Burchfield also served at the art show on the jury of award composed of two American and two European artists, awarding the first prize and \$2,000 to Jacques Duchamp Villon, 75, noted French cubist artist, for his yellow and green geometric canvas of "The Thresher."

FOR THE BRIDE seeking something distinctly different, Parisian Jean Patou designed this medieval headress. The unique cowl swatches the throat and hair in white net adorned with satin leaves.

Pacific Airlift To Continue After War

HONOLULU, Oct. 21—(AP)—The huge airlift ferrying troops and materiel over the Pacific ocean at the rate of a plane every 75 minutes, "will continue indefinitely after the end of the shooting war in Korea."

Maj. Gen. Laurence S. Kuter, military air transport service (MATS) commander, made that clear yesterday on a stopover here en route home from a global tour of MATS bases.

"At the end of the shooting in Korea, there will be extensive and further deployment of troops and materiel," he said.

The general did not elaborate on this deployment in a talk with reporters in which he dealt entirely with operations in the Pacific.

In Washington, a Defense Department source mentioned Japan and Alaska among possible Pacific areas for deployment.

General Manager Of Crescent Transfers

LEETONIA, Oct. 21—R. C. DuBrucq, who has served as general manager of the Crescent Machine Division of the Rockwell Manufacturing Company since 1939, has been transferred to the Delta Power Tool Division to handle special sales assignments.

W. R. Brown of Freeport, Ill., general manager of the Arcade Division of Rockwell, will succeed Mr. DuBrucq at the Crescent plant as general manager, assuming his new duties October 23. Mr. DuBrucq will remain here a short time until Mr. Brown becomes thoroughly acquainted with the Leetonia plant. Mr. DuBrucq will retain his position of vice president of the Crescent Machine Division.

DuBrucq came to the Crescent in December, 1939, leaving here for a year in 1944 returning in 1945 when the Crescent Machine Co. was acquired by the Rockwell Manufacturing Co. He has been in the woodworking machinery business for 30 years having spent 20 years in the sales division and 10 years in sales and manufacturing at the Crescent. Recently he was elected president of the National Association of Woodworking Machinery Manufacturers at the annual convention in Philadelphia, Pa.

In addition to his business interest in the community, Mr. DuBrucq has served as a member of the Board of Trustees of the Salem Central Clinic and Hospital, is a member of the Leetonia Chamber of Commerce, Salem Chamber of Commerce and Salem Rotary Club.

Mrs. DuBrucq is a member of the Board of Trustees of the Salem City Hospital and a member of the Board of Directors of the Columbiana County Public Health League.

Mr. and Mrs. DuBrucq will not retain their home in Leetonia, but at present have not decided where they will locate.

Fantasy In Red, White and Blue

THIS is an attempt to reduce to a few words a fantasy which has been coming and going in the backs of American minds since late last June.

It must be a fantasy because it is so remote from reality. It could not happen in America.

In this fantasy—this red, white and blue vision—the United States, having turned the other cheek and walked the second mile finally takes the initiative. It sizes up its antagonist, measures him for distance and plants a haymaker on his kisser. Remember, this is only a dream, almost a nightmare.

America decides, in other words, that if it can be pushed around and driven half-crazy by fear of war; that if it can be tied in knots in a place like Korea by letting its persecutors strike the first blow; that if this is really going to be a struggle to the finish, then there is no further percentage in fighting from behind the 8-ball.

Furthermore, if American men are going to have to bear arms they deserve a chance just once to take someone by surprise, instead of always routing entrenched enemies out of heavily fortified positions. This dream must have been brought on by something in the news, something like the Big Mo standing off the coastline of Korea and lobbing shells ashore.

There once was a time when a country that wanted to cool off the bull-boys used to back up its battlewagons and dare them to start something. That is no fantasy. That is a fact.

Farm-Town Comparisons

A STUDY of farm prosperity reaches this conclusion, among others—that what farmers want to know is how their prosperity or lack of prosperity compares with that of other people, particularly town people.

It can only be hoped that when such comparisons are made they may take into account a great many things likely to be forgotten. A farmer who wishes he had a pay check coming every two weeks usually is not mindful of what happens to the checks of wage earners who pay high rentals and are subject to withholding taxes. A city dweller who wishes he could be his own boss and live off the fat of the land forgets there are no quitting whistles in barns. He also forgets that he probably never saw a fat farmer.

The upshot of mutual ignorance is a net addition to mutual ignorance. One of the Farm Bureau projects this year is to keep farmers and city residents from becoming less and less informed about each other. The project should be stepped up and expanded. The prospect of wage increases and higher farm income raised by mobilization means that more misconceptions will be added to those already in existence.

Instead of envying each other, Americans should concentrate on pitying each other for what galloping inflation is doing to their common security.

Hitler Was A Piker

ANYONE who has tried to get rid of ants knows why the lies about Senator Taft by Ohio Communists and labor bosses in this campaign are powerful political strategy.

It is impossible to keep track of all the lies. For every one that is run down, a couple more come squirreling out of the cracks. Even if every one of the lies could be answered in the hearing of every Ohioan whose opinion might be inflamed by it, the truth never catches up to a falsehood. This is the most ruthless campaign tactic ever used in Ohio. The hatchet-men who thought it up never gave Ohio a second thought before they were sent here to give Mr. Taft the "treatment."

Hitler was a piker with his trick of repeating one big lie over and over again until people began to believe it. Dozens of little lies repeated over and over again are infinitely harder to answer. No one has time to listen to that much answering, for one thing.

Long before the people who are out to get Taft this year at any cost began their big effort, it was a certainty there would be no holds barred. That is the way they learned to fight where a good share of them did their learning—at the knees of Communist instructors.

This technique of the many little lies is a dandy. It would do credit to a lot of people in a lot of places—but not to any Americans in the United States of America.

While agreeing that thought should be given the matter of legalized gambling, Jimmy Roosevelt is opposed to same in California. Or the open mind, at both ends.

Stay out all night and sleep all day if you want to have a hard time finding your place in the sun.

Restraining War

By DEWITT MacKENZIE

U. N. Gets Weapons To Maintain Peace

THE United Nations' adoption of the plan to halt aggression anywhere and everywhere, by force if necessary, represents the most powerful organized peace move ever made.

It tacitly recognizes that until human nature is changed mankind is going to resort to war at times, and must be restrained. In effect it acknowledges that there will be occasions when only force, or a display of force, can turn the trick.

This far-reaching project is given teeth by a provision requiring that U. N. members place specified units of their armed forces at the disposal of the peace organization to meet crises. It represents a perpetuation of the emergency measure under which the U. N. was able to send its own forces into Korea to end the aggression from the north.

True, the program still has to go through the formality of being passed by the general assembly. However, the big majority by which it was adopted in the assembly's political committee ensures its passage in the larger body.

IT'S JUST OVER 50 years ago that the world saw the first meeting of nations ever assembled to discuss ways and means of maintaining peace. That was in 1899 when 26 countries met at The Hague and adopted a "convention for the Pacific settlement of international disputes."

This was followed in 1907 by the "second peace conference", when 44 states—representing virtually all the independent nations of the globe—reaffirmed the convention and added to it. The convention provided for mediation, arbitration, and international commissions of inquiry in situations likely to lead to war.

The next step—and it was a seven-league stride—was the creation of the League of Nations at the end of World War I. That did some good work—but it failed in the great emergencies because it lacked the courage (and the means) to take forceful action against aggressors.

In an effort to bolster the league, the Locarno pact was forced in 1925, with the primary idea of preventing any further German-French upheavals. Then in 1928, because the League of Nations didn't completely abolish war, 59 of the 64 independent nations of the world signed the Paris Peace Pact for "renunciation of war."

THESE PEACE MOVES were followed by disarmament conferences. And of course much has been done in the interests of peace in the western hemisphere by the various Pan American conferences.

Probably it has required all this patient and persistent spade work to prepare the way for the historic employment of sanctions by force to halt aggression. In any event, it has remained for the United Nations to make the first concerted application of such sanctions.

Now this daring but fortunately successful experiment is leading to the adoption of permanent measures that will provide the U. N. with the machinery to deal with aggression.

Perhaps it is too much to hope that this will prevent any further aggression. But it is the most powerful move in that direction yet made.

Certainly it will encourage small and weak nations to go ahead in working out their own destinies without fear of assault by great powers with evil designs.

Danger On The Air

By GEORGE S. BENSON

AMERICA'S most strategic communities, in which large concentrations of people or important groupings of industries are centered, have begun to organize for the eventuality of an atom bomb attack and other forms of airborne invasion, such as, for instance, paratroop raiders.

If the day comes when Soviet military power strikes boldly at the heart of our nation's strength, the population in these strategic communities will be alerted by radio and other means, setting into motion intricately worked-out mass evacuation and defense plans.

For successful execution of such emergency plans, the whole population must spring into action within the space of a few minutes. Sirens, mill whistles and other signals will set plans in motion and summon the population to radio sets, telephones and public loud speakers for detailed instructions.

Thus the mass communication facilities become the very heart of our civil defense—and also the No. 1 objectives for invading forces and their fifth columnists.

Hitler's tactics found it of great strategic importance to send squads of parachuting raiders into cities in the pathway of the Wehrmacht and seize the radio stations. Nazi fifth columnists who had been posing as loyal citizens suddenly produced machine guns and seized the stations. Then an unsuspecting French or Belgian or Dutch announcer would interrupt programs and announce: "Emergency orders! All citizens remain indoors with blinds drawn!" The civilian population was thus perfectly controlled by the invaders.

The Communist Red army and its farflung fifth column, highly organized in every nation in the civilized world, have perfected this Nazi total war strategy and added the diabolical infiltration technique. They used it with decisive effect in Korea. In the United States where virtually every family has a radio, radio stations would be invaluable. In fact, our radio industry long has been one of the high priority objectives of infiltrating Communists.

IN A RECENT issue of the Radio-Television Daily, important publication of the industry, the danger of American fifth column Communists and fellow travelers was recognized in the following terse warning: "In an emergency (at any given time) it would require only three persons (Communists or sympathizers) to reach 90 million people with a message! One engineer in master control of a radio network. One director in a radio studio. One voice before a microphone."

The popular magazine, Broadcasting, also warned: "Can you conceive of anyone more potent when an emergency strikes than the man at the network mike? That should be sufficient to guide broadcast management in the screening of personnel." And last June, J. Edgar Hoover, FBI chief, who will have the respon-

sibility of "neutralizing" the fifth column in any emergency, told a congressional committee: "Communist efforts toward infiltration have been intensified in.... the communications industry."

In view of these facts, the recent publication of a report by a group of former high placed FBI men would be of interest to the American public. The report said, in part: "With radios in most American homes and with approximately 5 million TV sets in use, the Cominform and the Communist party USA now rely more on radio and TV than on press and motion pictures as 'belts' to transmit pro-Sovietism to the American public." Substantial funds earned by Communists and sympathizers employed in the industry find their way to the party through contributions to "fronts" the former FBI men said.

The 215-page report, entitled "Red Channels," lists approximately 150 actors, directors, commentators, writers, technicians, announcers, musicians and producers of radio and TV and gives the Communist or Communist front organization to which they reportedly have belonged, affiliated with, or in whose activities they've participated.

The former FBI men responsible for this report are not "witch hunters." They have a genuine concern for the safety of our nation. They say communism has gained powerful influence in the strategic communications field. They want the public to know the facts. They are putting their finger on a real danger—when the time is not yet "too late."

As usual the coming elections will bring forth a large number of "I" specialists.

The Love That PASSES All Understanding

Policy Toward Formosa Unchanged

By DAVID LAWRENCE

WASHINGTON
WHEN President Truman said that he didn't discuss with General MacArthur any change in the American policy toward Formosa because this was settled four or five weeks ago, the only interpretation possible is that the policy announced at the time the Korean war broke out will remain as it is unless Red China disturbs it.

The American attitude, as announced in June, was that the United States would neutralize Formosa and keep it out of the fighting. There has been no

change on that point. What was widely construed as a hint of change occurred when Mr. Truman told his press conference recently that the U. S. Seventh Fleet would be withdrawn after the fighting in Korea is over.

But the possible withdrawal of the fleet was never intended to mean that America was inviting the Nationalists and the Communists in China to resume fighting in Formosa.

When Mr. Truman was asked at his press conference yesterday whether the United States would defend Formosa pending a de-

termination by the United Nations as to what should be done about the future of the island, he said that this was a river we have not come to yet.

This really furnishes the key to the whole Formosan policy. For it means that the existing situation will be maintained—American naval forces will continue to protect the island until the United Nations takes over the job or until it is considered safe for all naval forces to withdraw. But at no time would American naval forces be far away from Formosan waters even if actually withdrawn from duty in the immediate vicinity of the island.

MEANWHILE, a United Nations committee will struggle with the problem. It may take a year before a final plan can be presented to the assembly. It is hoped here that in the intervening months Communist China will do nothing to complicate matters.

The Communist regime in China takes the view that it has the right to acquire Formosa. Certainly it was the intention of the United States at one time to agree that China should have it, but, since the Reds in China have made common cause with the Reds in Moscow, the American government cannot but look with grave concern on the presence of hostile forces in and around Formosa. There is no disagreement with General MacArthur that Formosa must not be allowed to fall into the hands of any power hostile to the United States.

Whether or not the future government of China will be hostile to the United States depends on developments in the next few months. During a period of probation the status quo can be maintained.

So, all in all, what the President is saying is that there is nothing to be done about the defense of Formosa that has not already been announced. The views of General MacArthur on the importance of Formosa from a military standpoint have been taken into account. What will happen from the standpoint of the U. N. in admitting Red China or from the viewpoint of the United States government when it comes to a question of diplomatic recognition are points yet to be determined.

One Man's Opinion

By WALTER KIERNAN

MY memo to the FCC on color television reads "if we want a spinning wheel in the parlor we wouldn't have put the old one in the attic."

And as long as "Hopalong" Cassidy wears black shirts I'm not spending \$75 to convert my set to tattle-tale grey.

There's no need to rush color television for Thanksgiving.... we know what a TV turkey looks like in standard black and white.

And Nov. 20 is too late to catch the natural blush that goes with the candidates' biggest claims.

But before everybody gets too excited about having an "obsolete" set... it seems only yesterday that black and white movies were "doomed" by a new color process.

And the last time I looked color pictures were still being booked as "special feature!" at the box office.

AS OFTEN HAPPENS in government, policies are held in abeyance awaiting developments. That's why the President could say that the Formosan policy was settled weeks ago—it was settled in the sense that all parties within our government decided to do nothing to change the situation but to wait till the U. N. has outlined a course of action.

John Foster Dulles, who is familiar with the MacArthur views and those of the Department of State, is quietly working out a formula to present to one of the committees of the United Nations. When that is done, the next step may well be some means of assuring that there will be no fighting in and around Formosa while the subject is under consideration by the U. N. If the Reds in China hope to win recognition or a seat on the Security Council, they cannot hope to get it by starting an invasion of Formosa. Likewise, the Nationalists will have to agree to stay on the island without attacking the mainland. Such a solution would, of course, be in line with the MacArthur views. (N. Y. Herald-Tribune)

You Join Army To Fight Now

KOREA

LET'S tell the army recruit right out loud that he's joining the army to fight.

After we tell him that, let's assure him that if he lives long enough he'll also get an education, learn a trade and live a reasonably secure life with retirement guaranteed.

The Korean war has kicked into the discard the fancy-pants promotional idea that the army is an institution where the recruit gets everything but a fight.

This idea blossomed after World War II, as the best way to induce youths to join up. Picture posters showed well-fed soldiers traveling in comfort, lounging in a library reading good literature, or cheerfully learning a trade.

Now all those things are all right. They should be part of our army. But the harsh fact is that the infantry exists solely to fight when a fight is necessary.

It's pretty clear that in this world we now live in, the American army must be ready to go into battle on short notice. That means an infantry which is tough, well trained and able to take care of itself.

Everybody knows the American occupation army in Japan wasn't ready for the Korean war. It was soft, trained for occupation duty rather than combat.

THE FIRST Americans in battle faced a rough foe, trained on the battlefields of China and Manchuria. They weren't prepared even for the sounds of combat, which in themselves are terrifying to the green fighter.

Most of those youngsters had come into the army because that promotional campaign promised everything except a fight. And when the fight did come it was a four-ring show which cast many lives. The troops were not prepared for war, either physically or mentally.

I remember those early heartbreaking days of this campaign when our troops were in retreat. Always they were in retreat, then—fighting desperately for time, but always falling back.

But out of this heartbreak and agony was refined a new American army. The softness gave way to hardened skill. Bewilderment changed to battlefield cunning. The men learned to protect themselves... how to meet the enemy on equal terms.

Now they are the victors. These green divisions have captured the Reds' own North Korean capital, Pyongyang. This is a battle-wise army now. The men in the line know the tricks of the trade of fighting. They have a poise and an assurance that wasn't there two months ago.

They know that to be an infantryman means you have to fight. They have no illusions about their jobs, or what it means to be a soldier.

And I hope in the future no other soldier has any illusions about his job. It will be a poor recruiting campaign which fails to impress upon him that there may be a foxhole in his life as well as an all-expense tour to the far places of the world.

Miss Virginia Taylor Wed To Bruce Palmer On Friday

ATTENDED by a maid of honor, two bridesmaids, a flower girl and ring bearer, Miss Virginia Taylor centered a picturesque altar scene when she was married to Bruce Palmer at 8 p. m. Friday in the First Church of the Nazarene.

Miss Taylor, daughter of H. E. Taylor of Warren, made her home with Mr. and Mrs. Roy Shoff of Albany rd. Mr. Palmer is the son of Mr. and Mrs. Oscar Palmer of near Lisbon.

Two vases of white chrysanthemums and pompons were set in an embankment of palms, ferns and grape ivy which was lighted by white candles in seven-branch candelabra. Candles in the windows were based with greenery and white bows of ribbon marked the ends of the family pews.

Mrs. William Nichols of Akron, the former Donna Lou Getz of Salem, was vocalist for the musical prelude. She sang "O Promise Me" and "Because" before the ceremony and "The Lord's Prayer" as the couple knelt at the altar. Paul Heath of Warren was the accompanist. He also played the prelude numbers and the traditional wedding marches.

Mr. Shoff gave the bride in marriage as Rev. E. M. Parks, pastor of the couple, heard the pledge of vows in the double-ring ceremony.

Miss Taylor's bridal costume was created of slipper satin. The gown was designed with a Peter Pan collar, long sleeves pointed at the wrists and a fitted bodice. The skirt was completed with a cathedral train. Her fingertip veil was attached to a crown trimmed in seed pearls.

She carried a white Bible topped with white roses and showered with ribbon and plumosa fern. For the traditional "something old" she wore a cameo pin which belonged to the groom's grandmother.

Miss Lois Shoff was maid of honor and Wilmer Palmer was his brother's best man. Bridesmaids were Miss Viona Palmer, the groom's sister, and Miss Mildred Shoff. Edward and Ernest Shoff seated the guests.

The maid of honor appeared in a pink taffeta gown and carried an arm bouquet of yellow roses. She used the same flowers in her headdress.

Viona's gown was designed of blue marquisette, while Mildred's gown was made of yellow taffeta. They carried arm bouquets of roses in harmonizing colors and wore roses in their hair.

Helen Palmer, flower girl, wore a pretty chartreuse taffeta frock and carried a basket of mixed flowers. Clyde Shoff was ring bearer.

Mrs. Shoff wore a cocoa brown costume. Mrs. Palmer was dressed in aqua. Both wore corsages of yellow roses.

The wedding reception was at the Shoff home. White chrysanthemums and candles were used to trim the refreshment table. There was a traditional wedding cake.

Approximately 150 guests came from Salem, Warren, McDonald, Lisbon, East Liverpool, Barberton and Braceville.

For an eastern honeymoon trip the bride wore a light blue suit with navy accessories and a corsage of white roses. The new Mr. and Mrs. Palmer will reside at 769 Ohio ave.

The bride graduated from Greenford High school and is employed in the Murphy store. Her husband is a graduate of Salem High school and is an employee of the National Sanitary Co.

Mr. and Mrs. Palmer, parents of the groom, gave the rehearsal dinner party at their home. Attendants were remembered with gifts.

Shower Given In Honor Of Mrs. Helen Labbe

In recognition of her birthday Mrs. Helen Labbe was given a handkerchief shower Thursday evening at the party for Club 11 members in the home of Mrs. Thomas Hutson on Euclid st.

From now on all birthdays of club members will be remembered in this manner. Mrs. Russell Hackett was named president for the coming year and Mrs. Charles Berg will serve as treasurer.

Canasta was the game of the evening and prizes went to Mrs. Berg and Mrs. Woodrow Birkhimer. Lunch was served by the hostess and autumn flowers were used in the home decorations. Miss Mary Bohr will entertain the club Nov. 7 at her home on Hawley ave.

Lilleths Meet, Plans Roller Skating Party

Plans were made for a roller skating party Oct. 27 when the Lilleths held a meeting Wednesday evening at the home of Dolores Rousher, Jennings ave.

Two new members added were Dorothy Gibson and Mary Lou Webber, both of Lisbon. Eleanor Ludwig of E. Seventh st. will be hostess at the next meeting when officers will be elected.

Bernice Hall Bride Of Donald Garrod

MISS BERNICE HALL, daughter of George Hall and the late Mrs. Hall, 392 Pearl st., Leetonia, and Donald Garrod, son of Mr. and Mrs. Henry Garrod of the Columbiana-New Waterford road were married at 7:30 p.m. Friday at the New Waterford Methodist church. Rev. J. D. Hinerman, the pastor, officiated at the double-ring ceremony.

Mr. and Mrs. Waldo Hall, brother and sister-in-law of the bride were the attendants.

Mrs. Lois Schmidt, organist, and Miss Mary Carter, soloist, presented a program of nuptial melodies preceding the ceremony.

The bride wore for her wedding a teal blue street length frock with matching velvet feather trimmed hat and black accessories. Her corsage was of red roses. Mrs. Hall wore a navy and white print frock with grey accessories and corsage of pink carnations.

Following the ceremony, a reception for members of the immediate families was held at the home of the bridegroom's parents.

A three tiered wedding cake centered the refreshment table.

Mr. and Mrs. Garrod will reside in Columbiana until house-keeping plans are completed.

Mrs. Garrod attended Leetonia High school and has been employed at the Columbiana restaurant. Mrs. Garrod attended New Waterford High school and is employed at the Garrod Manufacturing Co., New Waterford.

Salem Loses 14-12 To Struthers In Last Minute

DAILY DOZEN By Bob Dixon

• Odds and ends: Doak Walker, the Texas whirlwind, has made a large splash in the pro football ranks—one that he wasn't expected to make.

• An all-round back for S.M.U. and everyone's All-American, Walker still didn't appear to have the stuff to stand out in the pro game. But he has fooled everyone.

• In the five Detroit Lions games to date, Walker has scored 50 points, 32 more than any other man on the club. He has four touchdowns, 17 extra points and four field goals. He passes, receives, punts and place kicks.

• The Ohio State-Minnesota game today will be aired by no less than nine radio stations. All five Columbus stations will be on hand, one from Toledo, another from Youngstown and two from Cleveland. But no TV.

• If it came about, it would mark the first time a team ever suffered because its Boosters club got the bubble head.

• Among the Ohio schools which have already begun basketball workouts are Canton McKinley and Mansfield. Both are large schools and their cage candidates won't be drawn from the football squad.

• Salem's grid squad would be seriously depleted if the basketball players were withdrawn. Jim Callahan, Tom Pastier, Bob Theiss, Jerry Ball, Jack Haldeman, Bill Pasco, Fred Csepke, Sam Williams, Tom Boone, Dick Perkins and Nelson Mellinger are all cagers.

• The Lisbon Boosters club, like Salem's, seems to be suffering

Youngstown South Shades Potters 13-6

Intercepting a pass on the Potters' 27-yard line, Linar Humphrey, fullback, went the rest of the distance to lead Youngstown South to a 13-6 victory over East Liverpool Friday night at the Potters' Patterson stadium.

The winning TD came when Eddie Oliver, East Liverpool fullback, attempted to pass on third down from his own 21. The score was tied 6-6 at halftime.

In the middle of the second quarter, a Youngstown punt was downed on the South 42, from where East Liverpool drove to its lone TD. Len O'Hanlon, fullback, tallied over left guard after a 15-yard penalty put the ball on the Potter two-yard stripe.

South came back in the second period, marching 89 yards to score. Left Halfback Ernie Brantley set up the touchdown by passing for 49 yards to Roger Cain, right halfback, who raced to the Liverpool nine. On the next play Brantley ran for the marker.

Humphrey collected South's only extra point in the final stanza on a run through right tackle.

The Potters' record now stands at two wins as against four losses.

Scoring by quarters:
Youngstown 0 6 0 7—13
E. Liverpool 0 6 0 0—6 Saturday.

from lack of interest evidently brought on by too much success. A recent plea was made for more attendance at the Lisbon group's meetings.

• Although the club's over-confidence has not yet reached the Blue Devil team, officials fear the attitude will reach the players and Lisbon's athletic program will go back to its pre-Bucner doldrums.

• In direct contrast to the apathy shown by Salem and Lisbon fans to Boosters Club activities, a turnout of 600 members was reported at a recent Alliance club session. Of course that preceded the big Massillon game, but was still a worthy showing.

• Nightly awards for high scores by a soft drink firm has stimulated interest in bowling in Salem. Bowlers are shooting for those 24 free bottles on every shift, even if they don't like the stuff.

• Someone should offer a prize to klegers to take part in the non-handicap Classic bowling league. It must be that some indubitable is necessary to get the better bowlers into the loop. League officials can't understand why they are having trouble finding eight full teams.

Browns Face Tough Giant Team Sunday

NEW YORK, Oct. 21—(AP)—Ten of the 13 National Football League teams will see action tomorrow, with the Cleveland Browns-New York Giants clash at the Polo Grounds heading the agenda.

Others listed in the American section are: Philadelphia Eagles at Pittsburgh Steelers and Chicago Cardinals at Washington Redskins.

The National games sent Detroit to San Francisco and Baltimore to Los Angeles.

First place will be at stake when the front-running Browns invade the home of Steve Owen's Giants. Although the New York Giants handed the conference leaders their lone defeat, 6-0, on Oct. 1, Cleveland is expected to turn the tables and make its season record five victories against one loss.

The Giants take a 3-1 record into the game. They tied up the Browns' pass master, Otto Graham, in their previous meeting but no team has been able to score two straight over the club that won the All America Conference crown four straight years.

Young Griddier Dies

JERSEY CITY, N. J., Oct. 21—(AP)—A 17-year-old Nutley High school student died last night in medical center, the second high school football fatality of the season.

He was Aaron Nakashian who suffered a broken neck in a pre-season practice session a month ago.

Ben Morrell, 17-year-old captain of the Camden Catholic High school, died Oct. 17 of injuries suffered in a game with Bridgeton High school the previous Saturday.

Crippled Quakers Take First Setback; Naples Paces Wildcat Attack

By BOB DIXON

The Salem High football record now reads 5-1 and that one loss was a hard one to take. It occurred Friday night at Struthers when Ben Barrett's charges went down by the margin of two extra points, 14-12.

The handicap of losing four first stringers due to illness was too much for Salem to cope with. Even so, the game could have been won 18 or 19 to 7 with a break or two.

End Jay England, tackle Walt Wisler, guard Tony Colian, halfback Bobby Theiss and end Bill Crookston were all sidelined for the game. Replacing them meant inserting an entire right side to the Quaker line. Only Theiss saw action and he was used only to punt twice and to pass once. He didn't carry the ball once.

Struthers pushed over its winning touchdown with only a minute and a half of the game remaining, moving 99 yards on the drive. Their entire offense was centered around tailback Pat Naples, a stocky, slippery back, who carried the Wildcats single-handed to their last tally.

NAPLES SCORED both touchdowns, gained a net 208 yards running, completed two passes and handled the punting. He was a ball of fire.

Salem's running game was paced by Tom Pastier, Bruce Frederick and sub Bill McCormick. They totaled 160 among them. Jim Callahan pitched only seven passes, completing four for 82 yards and one TD. For the most part the Quakers stayed on the ground.

Salem's tragic mistake occurred late in the fourth period when it drove to a first down on the Struthers nine yard stripe. A touchdown seemed a cinch, but the Red and Black failed to punch the ball over. Leading 12-7, the score would have cemented a victory.

Jim Ference cut three yards to the six and McCormick slipped through to the two. Pastier was stopped for no gain. Ference got the ball and ran to the right side of the line on the big down and was halted one yard short of pay dirt.

STRUTHERS CAME back to go all the way and win the game. On the ensuing drive the Wildcats used 10 plays, with Naples carrying nine times. Including a loss on one play, Naples rolled up

exactly 100 yards in the drive. He had runs of 11, 11, 9, 45 and 16 yards. From the Salem six, he punched over in three two-yard advances.

The key play of the winning surge was a third and eight setup on the Struthers 13 yard line. Naples was trapped deep behind his own line, but squirmed loose and sailed around right end for 11 yards and a big first down.

The Quakers tallied six in each of the first two periods. The first was a 60-yard advance the first time they touched the ball. It was covered in 10 ground plays, with runs of 12, nine and seven yards by Frederick the major gains. Callahan sneaked over from the one.

Struthers, using their single wing offense to good effect on the wide stuff, rolled 67 yards to its first score, with Naples going over from the six on the first try of the second period. He set up the score with 22 and 17 yard jaunts.

THE WILDCATS took the lead as Allhouse plunged for the point. Frederick had missed his first point when the ball went wide of the posts.

In the middle of the second period the Quakers took a Naples punt on their own 49 and scored in four plays. After two line plays lost four yards, Callahan went back and threw a looper to Pastier on the Struthers 26. Pastier and a Wildcat defender went after the ball, but Tom was pushed and the pass was ruled complete.

On the next play Callahan tossed deep into the end zone, where Pastier made a sparkling catch between two defenders for Salem's second TD. Frederick's second kick was blocked.

The game settled down in the third quarter, although penalties cost Salem plenty in that period. The Quakers were called on three major penalties: One on third and nine on the Struthers 47, one on first and 10 on the opponent's 13 and the third on third and one on the Struthers 33. Needless to say, all three bids were nipped.

Salem's last drive, which ended in despair on the one yard line, began on its own 34.

AFTER STRUTHERS got the all-important TD, Salem took the kickoff and attempted three pass plays. On the third, Theiss' throw was intercepted. The tilt ended

before the Wildcats could put the ball in play.

"Our tackling was horrible," Barrett said after the game. "The defensive line play was no good."

Howard Heldman, Struthers coach, probably gained undying affection when Barrett approached him to offer congratulations after the game. His opening remarks were reported to be: "Your team played a dirty game."

Struthers fans got in some underdog work shortly before the game started, when it was discovered that the air had been drained from the tires on the Salem busses. The jokers pulled the valves clear out.

Callahan's touchdown pass to Pastier was his eighth of the season, tying his record of last season.

Boardman Crushes Columbiana 39-0

The Columbiana Clippers absorbed their fifth defeat in six games Friday night as the powerful Boardman Spartans crushed them 39-0 in Boardman.

In the first quarter Angelo Iannucci, left halfback, ran off tackle for 17 yards to give the Spartans their first TD.

Jay Chuck, fullback, went 62 yards through center for the Spartans' second six pointer in the second canto. Also in the second period, Hugh Banninja, right halfback, added another Boardman touchdown, going 54 yards through tackle.

Skiing end during the third stanza, Chuck traveled 93 yards for the Spartans' third score. His teammate, Iannucci, tallied another on a 36-yard run in the same panel and again in the fourth quarter on a 21-yard scamper around end.

Bud Fiffick, Boardman quarterback, scored three extra points, one pass to Iannucci, the second on a run and the third on a placement.

Columbiana outgained Boardman 10-8 in first downs. The Clippers unleashed an effective ground attack which bogged down after nearing the Spartan 15-yard line.

Scoring by quarters:
Boardman 6 13 13 7—39
Columbiana 0 0 0 0—0

Lisbon Wallops Louisville 33-7

Blue Devils Erupt In Last Two Periods

The rampaging Lisbon Blue Devils, held to a 7-0 halftime lead, romped over Louisville 33-7 for the fifth win in six games Friday night at the losers' stadium. Lisbon is still undefeated, having been tied 7-7 by Boardman earlier in the season.

The Blue Devils, coached by Ed Bucher, chalked up 14 first downs, all by rushing, to 10 for Louisville, who got five by rushing, three on passes and two by virtue of penalties.

Following a scoreless first quarter, Carl Steitz, right halfback, bulled over from the one-yard line in the next period, putting Lisbon out in front 7-0 at halftime as he also booted the extra point.

Lisbon missed another TD in the opening quarter by fumbling on the Louisville one-yard stripe and their opponents recovered.

Cracking over left guard for a yard, Dean Rose, fullback, added the Blue Devils' second touchdown, with Steitz converting. Lisbon kicked off to Louisville and after recovering a fumble on their opponents' 45-yard marker, Rose tallied from the five.

Two consecutive penalties against the county seat gridgers were responsible for Louisville's penetration to the Lisbon two in the dying seconds of the third canto. McGinnis, Louisville back, on the second play in the final period circled left end for his team's lone TD. Halfback Stefan kicked the extra point.

Steitz, a stalwart in the Lisbon backfield all season, sprinted 70 yards for a six pointer in the fourth period. He showed his true colors again when Louisville was forced to punt from its own five-yard line and he returned the oval to the losers' 12. Rose added the finishing touch on a one-yard plunge. The extra point was good, Gary Pike, quarterback, passing to (guess who?) Steitz.

Scoring by quarters:
Lisbon 0 7 13 13—33
Louisville 0 0 7 0—7

Leetonia Bears Drub Poland 25-0

The Leetonia Bears drubbed Poland 25-0 Friday night on the Bears' home field, giving Leetonia a record of three wins and two losses.

Rounding end, Joe Guido, left halfback, tallied from 15 yards away for the Bears' first TD in the first quarter. Leetonia scored again in the period as Roy Davis, end, fell on the ball in the end zone when the pigskin hit a Poland player on the following kickoff.

Guido sped around end for six yards and the third six pointer during the second canto. After a scoreless third quarter Clem Tortora, Leetonia fullback, crashed center for a yard and the Bears' final TD.

Guido booted the winners' only extra point.

Scoring by quarters:
Leetonia 13 6 0 6—25
Poland 0 0 0 0—0

Prove Your Claim, Coach Blaik Asked

LOS ANGELES, Oct. 21—(AP)—As a result of his uncompromising evaluation of professional football, Earl (Red) Blaik, head coach at Army, today faced the unhappy prospect of having to prove it.

The colonel may now include among his dissenters about every pro coach in the country; his No. 1 pupil at Army, Glenn Davis; pro players, some college coaches, an assortment of plain citizens and the American Legion.

If Blaik's simon pures are better than pros, a Legion group said here yesterday, let him prove it on the gridiron.

Bring your team out here, challenged Harry Myers, director of events for the Legion's Los Angeles county council. Let the Cadets meet "the third best team in the National Football League" in a December charity contest.

Davis, Blaik's most famous performer at West Point, submitted his resentment politely. "I have a sincere respect for Colonel Blaik," said the onetime Mr. Outside, now starring for the Los Angeles Rams. "However, I have found pro football to be a much more demanding sport than the college game."

Blaik's other critics weren't so polite. In fact, some were downright rude, notably Joe Stydahar, head coach of the Rams. Said he: "To point out a few absurdities, Blaik says a 190-pound lineman fresh from college can do everything better than a 250-pound pro. That's like saying an amateur lightweight could whip Joe Louis in his prime."

"Were we able to drop the Eagles and Bears from our schedule when we found them too tough—as Blaik dropped Notre Dame—we might run up a 23-game unbeaten streak, too."

George Halas, under whom Stydahar played with the Chicago Bears, merely said, "I didn't know Blaik was that stupid."

IN MEMORIAM

IN loving remembrance of our Son, Herbert Frank, who passed away four years ago, Oct. 22, 1946.

We are lonely ones Herbert Dear. We who loved you, sadly miss you. As it dawns another year. Some may think we have forgotten. When sometimes they see us smile. They little know the heartaches. That are hidden all the while.

Our Son in Heaven, God bless him today. Sadly missed by his mother and sister and brother.

CARD OF THANKS

WE wish to extend our heartfelt thanks and appreciation for the acts of kindness, messages of sympathy, and beautiful floral offerings received from our kind friends and neighbors during our recent bereavement in the loss of our beloved Husband, Father, Brother and Son, L. G. "Punch" Bishop. We especially thank Rev. E. S. Scott and Rev. L. Raymond. THE BISHOP FAMILY.

WE wish to express our deep gratitude to our many friends and neighbors, Rev. and Mrs. Geo. D. Keister, and members of the Holy Trinity English Lutheran Church in my illness.

MRS. GEORGE THOMSON

Indochina Gateway To China Falls To Reds

SAIGON, Indochina, Oct. 21—(AP)—French forces abandoned their frontier headquarters fortress at Langson today, leaving hundreds of square miles of Indochina territory on the Chinese border wide open to the Communist-led rebels of Ho Chi Minh.

Langson, held by the French for 78 years, guarded the main invasion gateway into Indochina from Communist China. Its abandonment swings wide the frontier door to permit the supply of Chinese resources to the rebels and the establishment of training bases for them in Red China.

It was the sixth northern frontier post from which the French have withdrawn in five weeks. They pulled out of Dongkhe on Sept. 16, Caobang on Oct. 3, Thatke on Oct. 10, Nacham on Oct. 16 and Dong Dang on Oct. 17.

The French army communique said the Langson withdrawal was effected to permit the regrouping of French forces into new strategic mobile reserves. It declared the French will go on the offensive as soon as this reorganization is completed.

Lisbon PTA To Clarify Tax Issues For Voters

LISBON, Oct. 21—Voters of the Lisbon school district will be given an explanation of the Nov. 7 tax issues at a meeting of the Parent-Teachers Association in the high school Monday evening at 8 p. m. C. F. Kenneweg, president of the association, announced today.

G. Cecil Rauch, program chairman, will preside over the forum at which the two and one-half mills for debt retirement, and the \$45,000 bond issue for the completion of the McKinley school, will be discussed.

A four-man panel which will present the issues is composed of Glen Lewton, president of the board of education; John Chilik, clerk of the board; Gerald V. Weinstock, president of the citizens committee, and V. J. Ullman, superintendent of schools.

Firm Gives Promotion To Richard Wernet

Richard Wernet, son of Mr. and Mrs. Charles Wernet of E. Fourth st who has been medical detail man for the Park-Davis Drug Co. the last five years, has been promoted to field manager. Mr. Wernet's territory will cover parts of Michigan and northwestern Ohio.

A graduate of Salem High school, Mr. Wernet was commissioned an ensign in the Navy during World War II after three years of service. He attended Western Reserve university's school of pharmacy.

State Will Repair Roads In County

Ohio's new \$200,000,000 highway improvement program for the next two years will include the reconditioning of 14.4 miles of state roads in Columbiana county, state highway director T. J. Kauer, announced today.

Completing a record breaking \$80,000,000 program for this year, Mr. Kauer and his staff have just completed plans for the new program after careful studies of projects most urgently needed in the state because of traffic and safety problems. More than 400 highway jobs are scheduled and the detailed plans for many are already being prepared.

The highways in Columbiana county scheduled for improvement are:

Route 45, widen and resurface 3.4 miles south from Salem; Route 30, resurface 3.6 miles south from Lisbon, construct 3.5 miles of new four-lane pavement in and north of East Liverpool and 1.4 miles of new pavement in Lisbon; Route 164, construct a new bridge in Lisbon, 2 miles; Route 344, new bridge 2.5 miles southwest of Leetonia, 2 miles; and Route 7, widen and resurface 2.1 miles south from Route 14.

Also in the Salem area, 2.8 miles of Route 7, between Routes 164 and 165 in Mahoning county, will be resurfaced and .7 miles of Route 62 in Stark county, from Alliance to the Mahoning county line, will be widened and resurfaced.

The Backbone of American Free Enterprise

A depositor of ours asked us the other day what we meant by "small business." "According to the Department of Commerce," we told him, "a small retail business is one that has less than \$50,000 in annual sales."

"Then I'm one of the fellows you mean," he replied, "when you say you make loans to small businessmen." "Of course you are," we answered, "you and many others who run stores, shops, offices, farms and service enterprises of all kinds." More than 90% of all business in this country is small business. You may have only two or three employees, and operate from your home, but you are the head of a business just the same and we want to help.

We are ready to make loans for every constructive purpose. Consult us about your financial needs.

Two Cleveland Men Hurt On Route 30

Two Cleveland men were injured in a three-car accident at 5:15 this morning on Route 30 near East Liverpool.

State patrolmen said a car driven by Lawrence Klein, Jr., 20, of Cleveland, going north, collided with cars driven by Kent E. Becker, 22, also of Cleveland, and Cleveland Washington, 40, of Pittsburgh. The last two vehicles were headed south.

Klein received arm injuries and Alfred Masol, 19, of Cleveland, a passenger in the Klein car, has abrasions of his legs and face.

Cars driven by William Lewis, 45, of Youngstown and Thomas Spicko, 34, of Struthers collided at 8 p. m. Friday on Route 90, a half-mile southeast of Poland.

SALES TAX SALES UP
